Sir:

Further to the Information Disclosure Statements filed May 11, 2005 and November 30, 2006, the Examiner is respectfully requested to consider the listed additional references which may qualify as prior art. For the Examiner's convenience, the references are listed on the attached form prepared by Applicants; this form is generally based on Patent and Trademark Office form PTO/SB/08a, but is not a USPTO form. Copies of four foreign and two non-patent literature documents are enclosed herewith.

The Examiner's attention is also drawn to the following commonly-owned, unpublished patent application which may be considered to contain relevant

subject matter: U.S. patent application serial no. 11/746,191, filed May 9, 2007 (Atty. docket 56-06 US). A copy of this application has not been included, but will be provided upon request.

Where a month of a reference is not listed, the year of publication is sufficiently earlier than the effective U.S. filing date so that the particular month of publication is not an issue.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of PTO-1449 is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

It is believed that this submission requires a fee of \$180.00 under C.F.R. 1.97(c)(2), which is being paid electronically in conjunction with this EFS submission. If this is not correct, or if problems are encountered using the EFS system, please charge any deficiency or refund any difference to deposit account no. 07-1969.

Respectfully submitted,

/Tamala R. Jonas Reg. No. 47,688/
